

Helping to Build a Healthier Community

The John Howard Society needs your support to continue our efforts towards 'Helping to Build a Healthier Community'.

The John Howard Society is a registered charity/non-profit association with a long history of providing service in this community that dates back to 1956. The fundamental purpose of John Howard Society is to understand and respond to problems of crime and the criminal justice system through education and the provision of crime prevention programs and services.

With your support, effective, timely and meaningful crime prevention services will be available to everyone in our community. Together, we can impact crime and its underlying causes in the Central Okanagan.

"I learned a lot at John Howard Society. I am a new person."

"At first I only came because I had to but after the first meeting, I wanted to come and learn how to deal with my problems."

"John Howard Society is there when no one else can help."
